

FINANCIAL POLICY

At Oxford OMS Centre, we strive to maintain reasonable costs for your oral surgical care. Our patients have the option of paying with Visa, MasterCard, Debit Card, Cash or Certified Cheque. **Please note that we do not accept personal cheques.** In exceptional circumstances, other payment options may be extended, but only if discussed with the doctor or office staff **prior** to the date of treatment.

For patients with dental insurance, we will assist you in collecting the maximum amount to which you are entitled by providing Predetermination and Claim forms; however, we collect payment directly from the patient at the time of the surgical appointment. Patients are then reimbursed by the insurance company. Most insurance companies accept electronically filed claims, which usually result in reimbursement in 1- to 2-weeks.

As a Specialty Practice, our fees are generally 10% to 15% above the Ontario Dental Association Fee Guide for General Dental Practitioners. Please be advised that OHIP covers only major oral and maxillofacial surgical procedures performed in the hospital and does not provide coverage for in-office procedures.

If you have any questions regarding our financial policy, please feel free to discuss them with the doctor or the office staff.

I have read and understand the financial policy of Oxford OMS Centre.
